

THRO®

BE FIRE READY

THRO IS EFFECTIVE AGAINST THE FOLLOWING TYPES OF FIRES

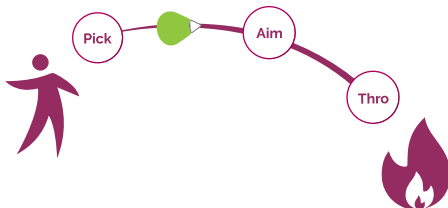

Fire type A: Fires involving solid materials such as wood, paper and textiles.

Fire type B: Fires involving solid materials such as wood, paper and textiles.

HOW DOES IT WORK?

- Thro houses a water based solution in a casing
- In the event of a fire, simply pick, aim and throw at the fire
- The casing breaks upon impact and releases the fire-dousing solution
- The solution cuts the supply of oxygen to the fire and douses it

FEATURES

EFFECTIVE AND
POWERFUL

ECO-FRIENDLY
WITH PH7.5

NON-TOXIC AND
ODORLESS

EASY AND
SAFE TO USE

LEAVES
NO RESIDUE

NO MAINTENANCE
REQUIRED

SPECIFICATIONS

- Agent Capacity: 350 ml
- Shelf Life: 2 Years
- Storage Temperature: -10°C to +60°C

CAUTIONS

This product is
an indoor fire
extinguisher

Keep out of
reach of
children

Do not
consume
